DMYTRO KRYSHTAL

PROFESSIONAL SUMMARY

My name is Dmytro. Node.js DeveloperA highly skilled Node.js Developer with a Bachelor's degree and expertise in Object-Oriented Programming (OOP), Express.js, WebSockets, SQL, and NoSQL databases such as PostgreSQL and MongoDB.With a solid understanding of backend development principles, I excel in building scalable and efficient server-side applications.

I am proficient in utilizing Node.js frameworks, especially Express.js, to develop RESTful APIs, web services, and real-time applications, ensuring seamless data flow and optimal performance. My experience extends to working with both SQL and NoSQL databases, including PostgreSQL and MongoDB.

I have successfully designed and implemented database schemas, performed complex queries, and optimized data retrieval and storage operations. In addition to my technical expertise, I possess a strong foundation in OOP, enabling me to write modular and maintainable code. I like designing software architectures that adhere to industry best practices, ensuring extensibility and scalability.Furthermore, my knowledge of WebSockets allows me to build real-time communication channels and implement bidirectional data exchange between the server and the client. This proficiency enables the development of interactive and responsive applications.

I am comfortable with version control systems such as Git. As a Node.js Developer, I am dedicated to staying updated with the latest industry trends and technologies. I continuously enhance my skills and explore new tools and frameworks to drive innovation and ensure the delivery of cutting-edge solutions.
