👤 PROFILE

As a software engineer with a bachelor's degree, I have a strong foundation in software engineering and programming principles, mobile app development in particular. I am highly motivated to apply my skills and knowledge to develop innovative and user-friendly iOS applications. My experience in software development, including proficiency in Swift and Xcode, has prepared me to be a productive team player and effective problem solver. I am passionate about staying up-to-date with the latest technologies and techniques, and I am eager to become a part of a team.

Skills:

- Good knowledge of Swift programming language, both theoretical and practical.
- Experience using both SwiftUI and UIKit.
- Good communication skills.
- Knowledge of architectural design patterns, including MVC and MVVM.
- Ability to integrate Firebase into applications.
- Experience in implementing and using REST APIs.
- Knowledge of OOP principles and Data Structures.
- Implemented multiple pet projects.
- Knowledge of Git version control system.

🎓 EDUCATION

Bachelor's degree, Computer Software Engineering, National Technical University of Ukraine 'Kyiv Polytechnic Institute', Kyiv
